ADVANCED TOOLS

Program has guaranteed access to largest optical/IR telescopes (Keck, MMT), supercomputers, research shop.

INTERDISCIPLINARY

Connect to applied math, computer science, engineering and more. Graduate training and Certificate in data science offered (**IDEAS**).

START RESEARCH IMMEDIATELY

Exoplanets, black holes, galaxy formation, stellar explosions, instrument development (radio through X-ray) and much more. Flexible course choices.

MULTI-MESSENGER

We are world leaders in combining electromagnetic transients with gravitational wave detection.

AMAZING COMMUNITY

STEM education & public outreach opportunities; lakeside campus 12 miles to downtown Chicago.
